DETAILED ACTION

Response to Amendment

1. This Office Action is responsive to the Amendment and Declaration filed 8/4/03.
2. The Amendment and Declaration filed 8/4/03 successfully overcome the objections and rejection set forth in paragraphs 3-5 of the Office Action dated 5/7/03. Accordingly, the objections and the rejection are withdrawn.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over JP 2000-272935 (JP '935) in view of either one of "Photoresponsive Formation of Gold Particles in Silica/Titania Sol-Gel Films" by Yanagi et al. (Yanagi) or JP 6-191896 (JP '896) for the reasons of record as set forth in paragraph 6 of the Office Action dated 5/7/03, and as further discussed below.

Response to Arguments

4. Applicant's arguments filed 8/4/03 have been fully considered but they are not persuasive. With respect to the rejection over JP '935 in view of either one of Yanagi or

JP '896, Applicant argues that JP '935 was published after the foreign priority date of the present application. However, neither the foreign priority document nor the required translation have been received.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
